Under the Investing for Success Agreement for 2016  
Boonah State High School received

**\$226 296**

Our full 2016 agreement can be found at: [I4S](#)

1.

### Our school initiatives are on track to meet or exceed our targets

During 2016, we focused on maximising the benefits of this funding for our students. After reviewing our 2016 *Investing for Success* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our initiatives to ensure that every student succeeds.

Initiatives implemented include:

- Providing whole of school, group and individualized programs of intensive, focused and differentiated teaching supported by resources focusing on reading, writing, numeracy and comprehension.
- Maintaining and consolidating the reading culture at the school with strong instructional leadership in this area. Implementing the Tactical Teaching of Reading approach and the explicit teaching of the 'eagle' and 'wolf' strategy in the Junior School.
- Improving writing in the Junior school by building on Seven Steps for Writing Success.
- Targeting whole school numeracy improvement - implementing the Numeracy Action Plan.
- Embedding higher order thinking skills into every day teaching.
- Focusing on student achievement by improving teaching quality (improved pedagogy, quality feedback, purposeful use of data to allow differentiation of classroom instruction)
